to me 

Hello Ms. Vargas, I have been following your work for a long time. I have an assignment that I believe will suit your skill set nicely. I am always looking for business opportunities. I have been approached by a company named Elite Fashion Fund to invest. I am attempting to do due diligence. Are you able to research them and let me know what you find out? Compensation would of course be paid as well as any expenses.

Very truly yours,

Thomas A. Moffett
